Edison Electric Institute	rstroh@eei.org
akoch@eei.org	

Basis for Intervening:

EEI is the association that represents all investor-owned electric companies in the United States providing electricity for about 220 million Americans. EEI's members are committed to providing affordable and reliable electricity to customers now and in the future. EEI's diverse membership includes electric utilities that are Registered Entities subject to mandatory Reliability Standards developed by NERC and enforced by NERC and the Commission. Accordingly, EEI's members will be directly affected by any Commission decision in this proceeding. Therefore, EEI requests that the Commission grant this Motion to Intervene and allow EEI to become a party to the above-captioned proceeding.
